CLOUD INFRASTRUCTURE (Practical 1)

Step 1:

Step 2:

Step 3:

Address line 2 - *optional*

Apartment, suite, unit, building, floor, etc.

City

Hyderabad

State, Province, or Region

Telangana

Postal Code

500001

Nearby AWS Region selection - *optional*

Enabling nearby AWS Regions can provide benefits including improved performance. Uncheck the Region to prevent its usage. Learn more.

☑ Enable Asia Pacific (Hyderabad) Region

Customers with an Indian contact address are served by Amazon Web Services India Private Limited, the local seller for AWS services in India.

☑ I have read and agree to the terms of the AWS Customer Agreement.

Agree and Continue (step 2 of 5)

Step 4:

Why is this required?

Our verification process holds USD $1 (or equivalent) for 3-5 days to verify your account and prevent fraud.

For the free plan, no charges occur until upgrade to a paid plan. Providing your billing information now enables a seamless upgrade to a paid plan.

Sign up for AWS

Confirm your identity Info

Primary purpose of account registration
Choose one that best applies to you. If your account is tied to a business, select the one that applies to your business.

Personal use

Ownership type
Choose your ownership relation to the account. Based on your selection, you may be asked to complete additional customer verification steps.

Individual

Name and address Info
Choose the name and address that you want to use for identity verification.

BOMMIREDDY KOUMUDI
Venkata Ramana Colony Road,
Hyderabad, TS, 500001, IN

India document type Info
To verify your identity, the name on the document must match the name that you chose.

India document type Info

To verify your identity, the name on the document must match the name that you chose.

Aadhaar

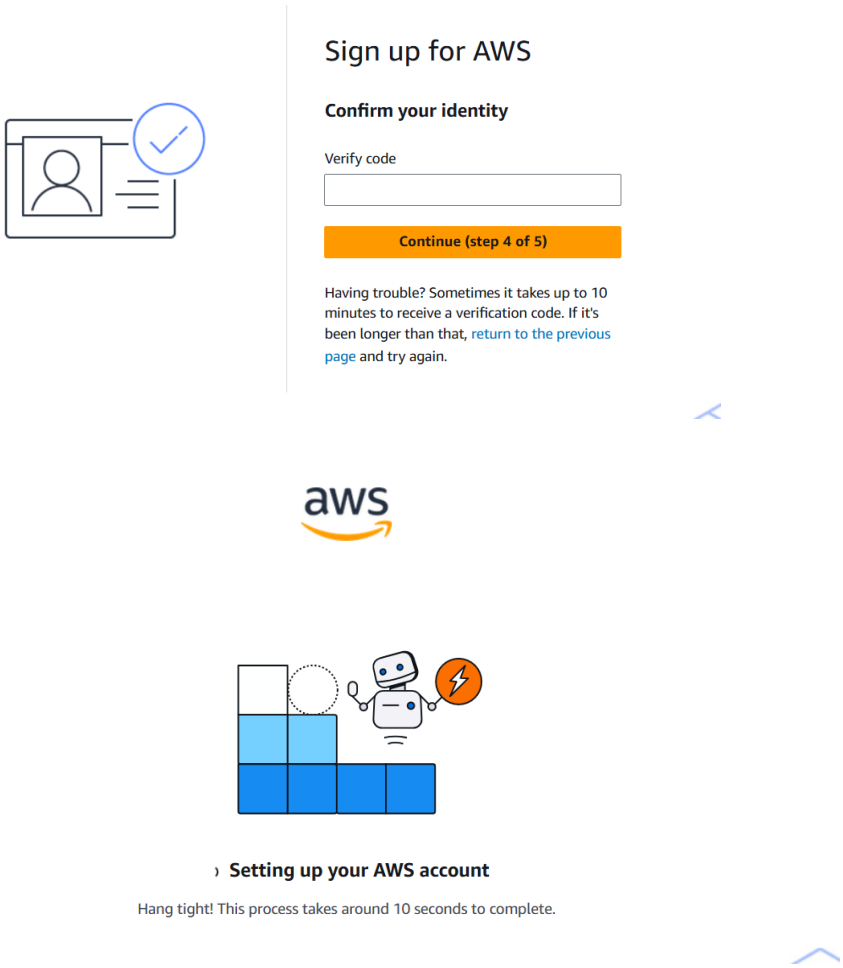

Click below to complete Aadhaar verification through DigiLocker. On the DigiLocker portal, select Aadhaar as your document type.

Digi locker portal to upload Aadhaar document.

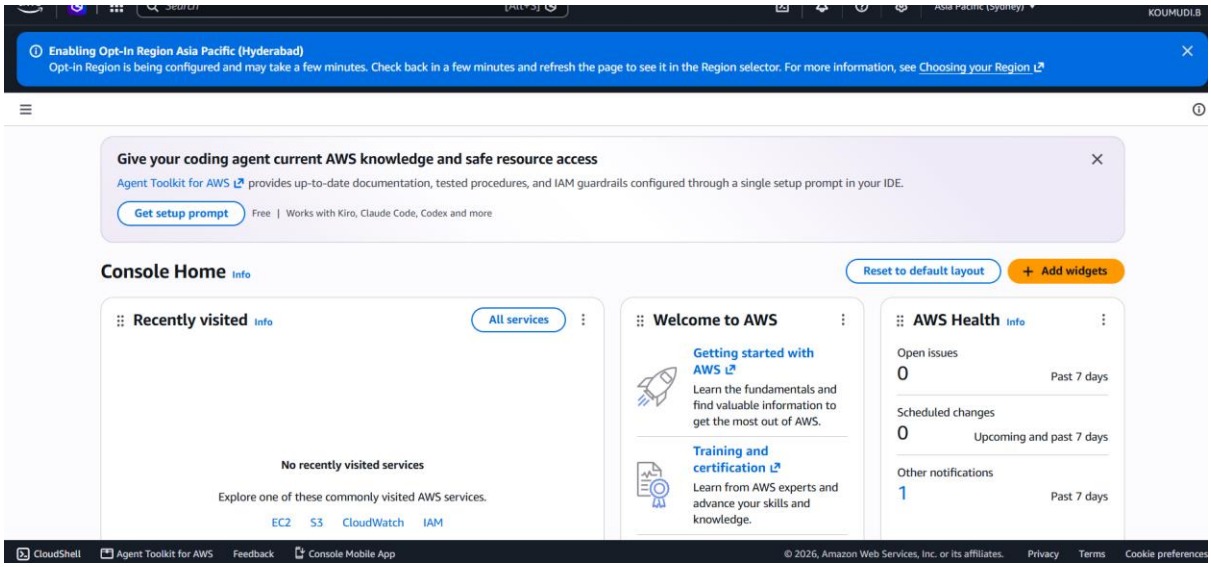

I consent to allowing AWS to use and send the information above to a third-party service for identity verification purposes.

Continue (step 4 of 5)

Step 6:

Sign up for AWS
Confirm your identity
Verify code
Continue (step 4 of 5)
Having trouble? Sometimes it takes up to 10 minutes to receive a verification code. If it's been longer than that, return to the previous page and try again.
aws
Setting up your AWS account
Hang tight! This process takes around 10 seconds to complete.

Step 7:

Enabling Opt-In Region Asia Pacific (Hyderabad)
Opt-in Region is being configured and may take a few minutes. Check back in a few minutes and refresh the page to see it in the Region selector. For more information, see Choosing your Region
Give your coding agent current AWS knowledge and safe resource access
Agent Toolkit for AWS provides up-to-date documentation, tested procedures, and IAM guardrails configured through a single setup prompt in your IDE.

Step 8:

Keep your account secure

Registering your MFA for root credentials will be required in 14 days.

Improve the security of your account by registering **multi-factor authentication (MFA)** using one of the options below. This provides a second means of verifying your identity in addition to your password. Learn more

MFA device name

Device Name

Maximum 128 characters. Use alphanumeric and '+ = , . @ - _' characters.

Passkey or Security key

Authenticate using your fingerprint, face, or screen lock. Create a passkey on this device or use another device, like a FIDO2 security key.

AWS recommends using a passkey or security key as an MFA device as they provide the most protection against attacks such as phishing.

Authenticator app

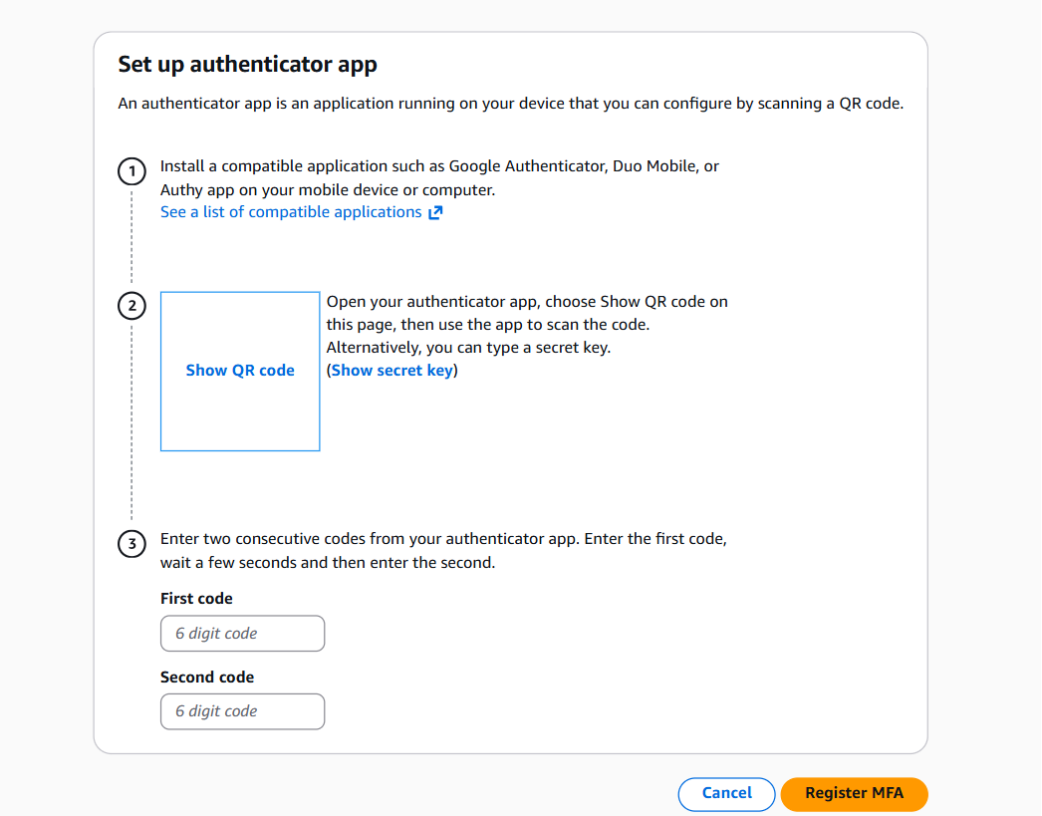

Authenticate using a code generated by an app installed on your mobile device or computer.

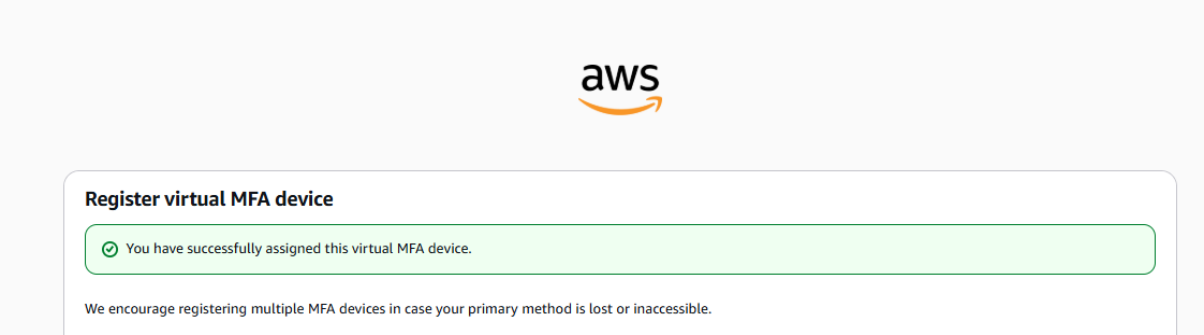

Hardware TOTP Token

Authenticate using a code generated by hardware TOTP token or other hardware devices.
